

South Main Street Gets A Face Lift The Modern Way

Glades Appliance Building Most Recent To Be Modernized

South Main Street, from Avenue "B," southward in recent months has enjoyed the addition of modern merchandise markets which would be the envy of business districts in much larger communities.

Plans drawn, and being drawn, call for additions that will add materially to the currently completed schedule.

Chevrolet—in the hands of three local boys—has built a show room, shop and base of operations running near three quarters of a hundred thousand; Parrish and Davis are operating a modern Texaco Service Station recently constructed.

A standard has just completed a \$40,000 building with modern interior, being operated by Wendell Lyons.

Glades Appliance Company is just finishing the remodeling of its plant on the east side of the street at Avenue D with a total investment of more than \$75,000. The show room, stock building specialties and electrical appliances have been modernized in arrangement and finish as well as for display of merchandise.

S. C. Johnson has just recently completed a two-story, concrete framed steel and concrete building for his own occupancy and with space to rent.

The Herald building has just had its face painted, and jointly with Glades Appliance, has installed a 10' sidewalk for 129' along their properties.

The Shell Station which was remodeled and refurbished some time ago is being operated by Glades boys.

R. T. Weeks and Jim Moody have recently taken over the old station remodeled and repainted the facilities.

The Masonic Lodge of Belle Glade owns a lot and is preparing plans to erect a two-story concrete and steel building on the east side of the street between D and E.

Lake Bulok, Harold Rabin, President, has the plans for a handsome concrete and steel building on the west side of South Main between C and D and adjoining the Parrish and Davis filling station. This \$50,000 investment will add to the growing South Main Street business of Belle Glade.

County Agent "Red" Mounts in recent club address some pertinent remarks concerning the agricultural returns of the county during the past season. He stated that crop acreage in war years was 90,000 acres, but with 20,000 acres less this year the county has the second largest harvest in the history of the county.

Estimates are now made that the income from all farming projects will aggregate \$30,000, 000, fifty millions from the Everglades and \$5,000,000 from the coastal area, on vegetables; and from beef and other sources the balance of the estimated income.

Assistant County Agent H. L. Speer cites that total production of cotton shipped for export amounted to 10,800 cars, of which 622 was of Tuxpan sweet corn; and one hundred more cars of celery, the surprise crop, more than a year ago.

Palm Beach Lands Produce Second Large Crop Record

Aux. Meeting At Garrison House

The Presbyterian Auxiliary will meet on Tuesday at 8 p.m. at the home of Mrs. Robert Garrison on the Palm Beach Road.

Police Start Summer Vacation Period

Officers of the Belle Glade Police have started taking vacation during the next two weeks. The first one to be off duty is Ross Wynn. Wynn expects to do a bit of fishing on the big lake, for the sport.

Other officers will follow on their outing as per a scheduled program.

Elks Will Send Exalted Ruler To Cleveland For National Convention

Belle Glade Lodge of Elks will be represented at the National Convention to be held in Cleveland in July, as the lodge has provided the funds for the attendance of Exalted Ruler Sam Berry. The lodge has also authorized expenditures for the purchase of new officer regalia and officers chairs, and the redecorating of the lodge hall.

From its charity or welfare fund the lodge also appropriated \$200 for the aid of the local National Guard unit.

Letters of appreciation were received from Ned, Esther Reichheim, Betty Hess, Norma Jean Royals and Patricia Weaver, for their trips to Tallahassee to the Girl's short course session.

The lodge is most interested and showed that the quartet had kept to their knitting and had gained much from their visit to the state capital.

Members of the local lodge will be expected to attend Flag Day celebration ceremonies in Pahokee next Sunday at 2 o'clock.

Fritz Stein Named President of Pioneer Growers

The stockholders of the Pioneer Grower's Association, one of the oldest produce houses and operators in the state, met on Wednesday, June 16, for a re-organization, made necessary by the death of the late R. G. Smith and the resigning of Lee Hayman. New officers taken in the organization were: Fritz Stein, president; Kirckman and Walter Scheeler.

The co-op selected Fritz Stein as president, James A. Bell, Jr. as vice-president and H. E. Unwin, secretary and treasurer. The Board of Directors is composed of the following: Arthur Wells, J. H. Chambliss, Walter Scheeler, Paul Kirckman, Fritz Stein, Albert Kruse and James Bell, Jr.

James Bell was formerly connected with the local telephone house organizations, and Unwin was formerly bookkeeper and auditor for the Glades Appliance Corporation.

Glades Churches Get New Pastors Assigned To Them

The Florida Methodist conference closed its session at Lakeland, June 6, Tuesday, when Bishop Roy Short, of Jacksonville, will be assigned to pastors of the year. Around a thousand ministers and wives and lay leaders were present at the session.

Short re-assigned Rev. Leonard Vandewater to the Community Methodist church in Belle Glade, and assigned Rev. J. H. Albright to the churches at Canal Point, Pahokee and Moore Haven.

Albright, Rev. T. W. Hayes was moved from Pahokee to (Continued on Page 4).

Canal Point Woman Passes This Life

Mrs. Carrie Bell Cook, of Canal Point, died on Monday, after a lingering illness, aged 54 years. She was born in England, and has resided in Canal Point since the 1930s. Mrs. Bell was the wife of the late J. H. Bell, a well-known business man of the Lake. She was survived by five sons and five daughters and her survivors.

Those said lost boys from up at Jupiter like to play basketball, and they tried to put up a pretty good presentation of the national past time. They hung a defeat on the Jupiter Independents on June 5th, and then came over here visiting on the 12th, and repeated the act, taking the game by a score of 12 to 6.

One Paul Pennick, who has been playing ball almost as long as the Jupiter Lighthouse has been throwing its beams out to sea, appeared in the box, and slowly held them to no scores in the two six in six innings. Then another Pennick came in, and he did not fare quite so well, as the locals were able to score four runs off him.

Harrell started for the Independents but he did not have his first run, so Fugh took over.

Hundreds Of Bills Now Law Without Governors Consent

Mammoth School Bill Met With His Favor, But Other Important Bills Are Vetoed

When the last day for Governor Fuller Warren to sign legislation arrived on Monday, he had a desk filled with a mountain of such acts, and it was an impossibility for any one man to check and sign them. So some 800 bills became law without his signature.

However, he did get around to sign and veto a number of the more important bills. The school bill which calls for \$100,000,000 for the next 10 years was signed to be administered under the 1947 foundation bill. The appropriation bill in his school projects along that line, reaching the climax this spring when his entry took first prize in the local school contest, and he had raised and trained from calico, which brought a heavy market price.

Prof. H. L. Speer, sponsor for the Palm Beach delegation to the Gainesville convention, reported that he was mighty proud of his group, who made a good record and enjoyed this educational privilege except for the charges and give him a chance to reply in writing. The charges and reply would be considered by the board and if a majority of the board felt he should be suspended or fired, they could do so.

What happens to those working for the City now?

If they come under Civil Service and under the rules set up by the board and have been employed for one year or longer before June 28, 1949, they come under the jurisdiction of the board automatically. If they have been employed for less than a year but more than six months on June 28, 1949, they must pass a non-competitive examination set up by the board within one year. If they have worked less than six months on June 28th, they must apply for examination along with anyone else wanting the job and go through the same process.

How much pay do these board members get?

Five Dollars for each day's work devoted to the City but not more than Fifty Dollars in any one month or Five hundred Dollars in any one year.

How much is this Civil Service going to cost me, a Taxpayer?

Nothing. Without Civil Service each year there is a turnover of employees caused by the insecurity of this employment, political reasons, personal reasons, etc. This results in inexperienced persons doing highly technical work of the highest quality, waste of time and money, and expensive equipment. New uniforms and equipment have to be bought for police and firemen. New employees have to be trained. You the taxpayer pay the bill. You would not run your own business like this.

Softball League Games Played On A Soaked Field

Despite inclement weather and wet grounds, the summer season of softball was inaugurated on Monday night, before a fair sized audience. Fans found the bleachers a bit full, but what a thrill! If you are a true blue ball fan, in view of the fact that none of the teams had played together, and the strength of the teams was uncertain, the two contests staged were very interesting and well played under the conditions.

Every one noted and was appreciative of the better illuminating conditions for the season's play. Bugs have to fly pretty (Continued on page 4)

First Round Play About Completed In Golf Tournament

Match play is now in its second week at the Country Club and the local players are beginning to feel the pressure of the match play. The tournament is now in its second week at the Country Club and the local players are beginning to feel the pressure of the match play. The tournament is now in its second week at the Country Club and the local players are beginning to feel the pressure of the match play.

Jupiter Trims Independents In Sunday Ball Game

Those said lost boys from up at Jupiter like to play basketball, and they tried to put up a pretty good presentation of the national past time. They hung a defeat on the Jupiter Independents on June 5th, and then came over here visiting on the 12th, and repeated the act, taking the game by a score of 12 to 6.

One Paul Pennick, who has been playing ball almost as long as the Jupiter Lighthouse has been throwing its beams out to sea, appeared in the box, and slowly held them to no scores in the two six in six innings. Then another Pennick came in, and he did not fare quite so well, as the locals were able to score four runs off him.

Harrell started for the Independents but he did not have his first run, so Fugh took over.

Howard Hill Wins Of Scholarship In 4-H Competition

Howard Hill, our local high school stockman, a member of the Four-H and Future Farmers of America clubs, came back from Gainesville with the State Four-H club scholarship, with a broad smile on his face, and he had a proud reason for that smile.

Howard was one of the contestants in a written examination for a Florida Bankers' Association scholarship, valued at \$100, and was one of the seven kids from across the state who was awarded such a scholarship award, to be used when and how he elects.

Howard, is a son of William P. Hill, who has long been engaged in the cattle business, and he has inclinations to follow in the father's footsteps. He has always had a hankering about cattle and has been successful in his school projects along that line, reaching the climax this spring when his entry took first prize in the local school contest, and he had raised and trained from calico, which brought a heavy market price.

Prof. H. L. Speer, sponsor for the Palm Beach delegation to the Gainesville convention, reported that he was mighty proud of his group, who made a good record and enjoyed this educational privilege except for the charges and give him a chance to reply in writing. The charges and reply would be considered by the board and if a majority of the board felt he should be suspended or fired, they could do so.

What happens to those working for the City now?

If they come under Civil Service and under the rules set up by the board and have been employed for one year or longer before June 28, 1949, they come under the jurisdiction of the board automatically. New uniforms and equipment have to be bought for police and firemen. New employees have to be trained. You the taxpayer pay the bill. You would not run your own business like this.

Benefits Exceed Cost Of Entire Flood Project

The \$208,000,000 Central and Southern Florida Flood Control Project and the payments for the project will be less than the benefits to be derived from the project, according to a report recently approved by the Legislature and Governor Fuller Warren.

The report, which was prepared by the State Division of Water Survey and Research, led by A. G. Matthews, predicted it would be a model with variations for similar projects throughout Florida.

The formulation of the whole plan is an achievement in itself," he said, "and the lessons learned from the development of the project will be applied to the protection of any area in Florida."

"It would certainly be sane to say that there has never been such an attempt to control, hold, and handle so much water under such unique circumstances as is contemplated in this project, unless it is in Holland, a country only 200 square miles larger than this project area in lower Florida."

If surveys show that the benefits amount to more than the cost of construction and maintenance, provisions have been set up in the new legislation which would require the State to cooperate with the Federal Government anywhere in the State where Congress has authorized flood control projects.

Pointing out that it will be 18 years before all the new lands in the project area will be in production, Matthews minimized the fears in one quarter that the new agricultural production will flood the market.

Such a view, he said, is contrary to the best economic opinion, since the present popula-

New Spillway Dam To Be Erected For Water Take Use

The Dove of Peace between Glades farming interests and the cattle and citrus men of Broward and Dade counties over water table levels in the North New River and the Ft. Lauderdale canal system, have won out in the final vote of the two groups are working hand jointly to get a new spillway where the flood waters can be controlled, without damage to either of the north or south area.

These farmers battling interests in the water table level, set forth at South Bay, and later had a representation before the annual meeting of the Directors of the Everglades Fire Control District in Belle Glade on Thursday morning.

Presentment was made that the present spillway and dam at 36 mile creek was inadequate and more or less of an obstruction to the natural flow of water, and especially damaging in time of high water periods.

Some years ago, the Soil Conservation Commission, built a dam some ten miles north of the present spillway.

(Continued on Page 4)

Governor Vetos Tax Bill Effecting Belle Glade

Belle Glade is one of eight cities on Florida named in a vetoed bill, which Governor Fuller Warren vetoed. It had to do with the assessing certain excise taxes on contractors. He vetoed the bill on the ground that if it became law it would constitute a grave and serious threat to the source state revenues.

Pahokee Storm Relief Committee Organized

At a meeting of the Pahokee Storm Relief Committee, last week, Frank Ronzelle was made the executive chairman; Manning Keen as chairman of the transportation committee; Joe Kahn, for clothing; Claude Shirley, housing; and Sam J. Williams, communications.

Questions And Answers On BELLE GLADE'S CIVIL SERVICE SYSTEM

Q. What is the system?
A. It's a law setting up a five man board of citizens and property owners appointed by your City Commission to make rules under which your City employees will work.

Q. What if I don't like these rules?
A. Before these rules can be put into effect the board must advertise a public hearing. You can come to this hearing and the board must listen to your ideas.

Q. Suppose I wanted to get a job working for the City. How would I go about getting one?
A. After the Civil Service system is set up you would first register with the board telling all your qualifications and just what kind of job you wanted. When a vacancy came up or a new job was created, you would be notified and asked to take an examination along with other applicants. If you were one of the three who made the highest grade, your name along with the other two would be turned over to the City Commission. They would appoint one of you to the job.

Q. What if a man was hired like this and then it turned out he couldn't do the work?
A. He could be fired at any time by the Commission until he had worked at least six months, or longer if the board wanted to set his probation period longer than six months.

Q. What if one of the City's employees wasn't doing a good job. Could the City fire him?
A. Yes. If he broke any of the rules or any laws, no matter what his job was, he would be fired. If he was doing his job well but he wasn't working or what job he was doing he could be suspended without pay by the Commission for seven days. He could then be brought before the board for a hearing. If three or more members on the board voted to further suspend him or fire him, he would automatically be fired without further recourse either to the Commission or to the Courts.

Q. Suppose the Commission did not want to fire an employee but several citizens thought he should be fired. What could they do?
A. Twenty-five or more could sign a petition calling a special meeting of the board. The board would then notify the employee of the charges and give him a chance to reply in writing. The charges and reply would be considered by the board and if a majority of the board felt he should be suspended or fired, they could do so.

Q. What happens to those working for the City now?
A. If they come under Civil Service and under the rules set up by the board and have been employed for one year or longer before June 28, 1949, they come under the jurisdiction of the board automatically. If they have been employed for less than a year but more than six months on June 28, 1949, they must pass a non-competitive examination set up by the board within one year. If they have worked less than six months on June 28th, they must apply for examination along with anyone else wanting the job and go through the same process.

How much pay do these board members get?
Five Dollars for each day's work devoted to the City but not more than Fifty Dollars in any one month or Five hundred Dollars in any one year.

How much is this Civil Service going to cost me, a Taxpayer?
Nothing. Without Civil Service each year there is a turnover of employees caused by the insecurity of this employment, political reasons, personal reasons, etc. This results in inexperienced persons doing highly technical work of the highest quality, waste of time and money, and expensive equipment. New uniforms and equipment have to be bought for police and firemen. New employees have to be trained. You the taxpayer pay the bill. You would not run your own business like this.

Flag Day Honored In National Way By Celebrations

All American, wherever they might have been over the world, on Tuesday, June 14th, honored the national flag, the Stars and Stripes. That flag stands for more today than ever in its history. More countries welcome its presence, for under it, they are being given fair treatment, life sustenance and protection.

During the past week, radio commentators, have been giving stories that would upset some of the treasured sentiment as to the history of the flag, such as that, Betty Ross did not make the flag after design submitted to her by George Washington, and that its real maker was covered with the flag.

Who ever designed and made the "Old Glory," it has stood the nation that flag after design submitted to her by George Washington, and that its real maker was covered with the flag.

Other survivors of the war, who were armed forces have marched and fought under the flag, never to a national defeat. Under its protection the nation has grown and become a prosperous; we have lived under its freedom for expansion along all lines.

Our national resources in mineral respects have not been touched and our wealth is unpredicable as to riches the lands and the mineral may produce through the coming years.

Flag day on Tuesday was celebrated with many parties, both covered with the flag, in which thousands of people paraded and paraded, in which thousands of people paraded and paraded, in which thousands of people paraded and paraded.

In Palm Beach, county two celebrations were held, one on Tuesday and one on Wednesday.

Disaster And Relief Committee Organized And Activated For Probable Hurricane Season

Cooke Family Leave For Lake Worth Home

Mr. and Mrs. W. H. Cooke, son William, and their bird dog Queen, on Thursday, moved to Lake Worth, where the former has been appointed and entered upon his duties as Athletic director for the Lake Worth School. Coach is now organizing the summer recreational school program for his new school, and is expecting a busy summer. Local people are wishing Coach a successful tenure in office in Lake Worth, so long as his bird dog Queen follows him down our Golden Rams.

Col. Bill Young To Head This Important Community Organization

Col. Wm. C. (Bill) Young has accepted the Chairmanship of the Belle Glade Community Disaster and Relief Committee of the Red Cross, and has completed the appointment of his committee.

The Colonel's background of military service, and his post-

Police Make Arrest In Bottle Murder Of John L. Cheezie

Ed Weaver, a man by the name of Johnnie Lee Cheezie were enjoying a wine feast in the Greenleaf bar early Sunday morning, when they got into a quarrel, which extended out on the sidewalk. The men parted after the gathering, but Lee returned to renew the argument, and according to Weaver, he told him "to stay away", but that he came pressing forward. Weaver claims he picked up a pop bottle, broke the neck off it, and used it to shatter and sharp edges as a defense weapon in his own protection.

Weaver used the bottle on Johnnie Lee, inflicting a wound in the left shoulder cut. (Continued on page 2)

WM. C. YOUNG

tion as Distributor for Purul products insures an efficient delivery of this "keep the hurricanes away," set-up.

Commanders Jack Johnson and W. H. Trammes, of the Naval Reserve Unit, together with their members of their Unit have made improvements in radio installations and will be able to even better the service of the Communications Committee last year.

The installation of automobile radios by the Belle Glade and South Bay police, coupled with the Highway Patrol, deputies and Constable give the Community an interlocking network of radio units far superior to previous years. The Everglades Fire Control equipment, and the Florida Power Co. two-way radio for emergencies further strengthen our communication facilities.

Sherriff Kirk Meeting Over Orlando Pressing

Sherriff John Kirk, who is resident for the Florida Sheriffs Association presided over the convention which was held in Orlando, this week. More than 300 police officers were in attendance at the gathering, including many of the wives of the officers. Entertainment was provided for the ladies while the officers were in business session.

Belle Glade Farmer Co-Op Closes A Prosperous Season

The Belle Glade Farmer's Co-Operative, closed its second full year of operation on last Friday, after a very busy and successful season. The company has diversified list of products during the year and A. E. McCabe, the sales agent, found a market for most of the offerings. The corporation is now planning for the 1949-50 season, which are to include some changes in the plant equipment.

Trinity Hatter, Chapter Chairman For Palm Beach

Trinity Hatter, Chapter Chairman for Palm Beach County, the Rev. W. S. Drummond, County Chairman, Richard Morris, Disaster Director for the County and Mel Livengood, Executive Director of the Highway Division of the State Club last Wednesday. Following the Lions meeting an organization of the county was discussed was held by Col. Young for his Committee members.

The Committee, with representatives from communities around the Lake was appointed to suggest definite plans for bringing in trains for evacuation if needed in the Glades.

The following is the Committee Roster:

Chairman, W. C. Young; Vice Chairman, Julius Harris; Members—A. E. Kirchman, W. C. Allen, Ten Daniels, Sidney Smith, Jr., Fred Ogden, J. C. Bowen, Henry Rawlins; Secretary, J. C. Bowen.

Mrs. Janie Redish Dies In Orlando

Mrs. Janie E. Redish, 77, died suddenly at her home in Orlando from a heart attack on June 2nd. She is the mother of Mrs. C. W. McDonald and often visited her daughter and grandchildren here.

Mrs. Redish has made her home in Orlando for the past 20 years and is the widow of the late J. L. Redish.

Other survivors are a son, Carl Redish of Clewiston, and 4 daughters.

Services were held at 3 p.m. Friday June 3 in the St. Hand Chapel with the Rev. Victor Rankin officiating. Interment was in Greenwood Cemetery.

New Building Permits

Nat Colebert has taken out a repair building permit for a new building at the corner of 1st and 2nd streets, and hotel repairs. San Hart, \$500 for repairs.

Fish On The Kissimmee River

Carl Hayes and Walker Peas, both of the Kissimmee River, on Tuesday, June 14th, took a large catch of fish on the Kissimmee River. They took along with them a lot of fishing. The had a lot of sport with the beam, stump knock-out, and a lot of fun. They brought home limit strings of assorted fish. No bass in the collection.

OBSERVATION And Comment By John M. Gladhill

Justice of the Peace George Williams and Constable R. Whitlock are breathing a bit easier than they did during the session of the Legislature, as there were motions made up there, that they might be enacted that would curtail or even eliminate those offices. Lobbying managed to save the days for these minor county offices which are so important in certain sections of the state, like in the Everglades, where the Pahokee and Belle Glade courts.

The Garden Club by resolute action adopted the motion and flower as the club and city flower for Belle Glade, and that they did not believe this is a very common shrub of beautiful green foliage, hard-wooded.

HOLDING THEIR OWN

A dozen years ago there was a widely expressed fear that

the growth of chain retailing was imperiling the very existence

of independent stores. This led to the passage of punitive chain

store laws in a number of states. A Federal law which would

have heavily penalized the chains was also proposed—though,

luckily for the consumers of the country, it was finally blocked.

In the light of all this, it is interesting to see just what chain

competition has done to independent merchandising. And there's

no guesswork involved, for the Department of Commerce pro-

vides the figures.

Here, then, is the story: In 1929, the chains did 20.3 per cent

of the total retail volume. In 1939 they did 21.7 per cent. And

in 1947 they did 21.5 per cent, a trifle less than they did eight

years previously.

As Chain Store Age describes the situation, "In the past two

decades, despite all the economic changes wrought by the de-

pression, the war, and the effect of national growth, the relative

position of the chains and the independents has undergone no

change... The fact that the chains last year accounted for some

\$35,000,000,000 worth of sales is matched by the fact that the

independents and other types of operations accounted for no less

than \$93,000,000,000 worth of sales!"

In a healthy, competitive retail system every worthwhile

kind of operation holds its own and keeps with the tide of

progress. That's exactly what has been happening here.

CINEMATIC CHATTER

By Malcolm Miller

It certainly will be all out lough week at the Hugo

Theatre, with the Sunday-Mon-

day show, "John Loves Mary,"

leading off and bringing the

week-end crowd of some of the

most hilarious comedies ever

presented here.

The cast of this Broadway

laugh hit-of-the-year are all

stars, starting with Ronald Re-

gan, Jack Carson, and then

Edward Arnold, Wayne Moran

and Virginia Field. In this show

Patricia Neal is introduced to

local audiences... and you'll

love her.

"John Loves Mary" is the

story of an ex-war hero who

has an English war-bride who

married just so that he could

bring her to this country for

his buddies. The complications

he gets into because he cannot

find his girl and her mother

lead to a hilarious ending.

See you at the Movies —

Presenting Play

There is much activity

around the Community Metho-

dist church rooms, this and next

week, where around 80 youth

of the primary and intermedi-

ate grades are engaged in the

work of the Summer Vacation

school.

These boys and girls will be

in a pageant "The Golden

Chair" which will be presented

to the public on next Wednes-

day evening at 7:30 o'clock. Mrs.

L. W. P. Parson is the director

of this attraction, and Miss Mar-

ianne Lomack will preside at

the piano.

Commissioner John Prince

Bereaved By Death Of Wife

A long illness ended in the

death of Mrs. Mary Elise Prince,

wife of County Commissioner

John Prince, at his home near

Lake Worth on Monday. Mrs.

Prince had resided in Lake

Worth since 1912, and had been

active in church and social cir-

cles during her period of good

health. Her husband and one

daughter are her survivors.

She was buried under the

rites of the Catholic Church of

which she was a member. The

court house offices at West

Palm Beach were closed during

the funeral hour, out of respect

for Commissioner Prince.

Social Happenings

Mr. and Mrs. L. B. Cook have returned from Chattanooga, Tenn., where they attended the graduation exercises in which their son, Oswald took part and received his degree at Southern Missionary College.

Mr. and Mrs. Corbett Davis have returned from a trip to Dothan, Alabama.

Mr. and Mrs. Sam Knight and children spent two weeks at Ft. Myers Beach, and have returned home.

Sam Simmons and Grady Smith left for Gainesville Saturday to join a group of college students enroute to Kansas City, Kansas where they will work in the wheat harvest this summer. Bill Pennington accompanied the boys as far as Gainesville where he is taking summer school work.

Jack and L. B. Cook, Jr., went to Elizabeth City, N. J., where they are conducting their summer produce harvest work. Their families plan to join them later.

Mr. and Mrs. Nathan Mayo of Smithfield spent last week with Mr. and Mrs. W. B. Granger. Elgin Bayless of Tallahassee was also a visitor. The Grangers' son, Walter, arrived home last week for summer vacation.

from Florida State University where he is a student.

Mr. and Mrs. E. H. Holand and daughter have moved into the Waddell apartment recently vacated by the Milton Campbells.

Mrs. John Hooker and sons Jackie and Ross of Chosen have gone to Virginia to spend the summer with relatives.

Mr. and Mrs. Harry Peters had as their house guests last week, Mrs. Roy Shonick and a friend, Mrs. Lila Sapp of West Palm Beach have gone on a six weeks motor tour of California.

Jack Johnson has returned from Washington where he attended a Naval Reserve School.

Mr. and Mrs. H. J. Bratley are expected to arrive home this week end from an extended vacation tour.

Bill Bailey is visiting relatives in St. Cloud this week.

Mr. and Mrs. Don Aspey and son Billy, and Mr. and Mrs. William Graber and daughter left last week for Hartville,

Ohio where they will spend the summer.

Mrs. Ruth Langworthy will spend the next two months in Marshallville, Georgia.

Miss Sara Diggs left Wednesday for Paris, Tennessee where she will spend her two months vacation.

Miss Kathleen Rogers is leaving for Lakeland for a two month vacation.

Dr. and Mrs. David L. Stoddard and children are leaving Monday for Bradenton to make their home. He was accepted a position with Dupont and they have leased a home at 2515 16th Avenue West.

Miss White is a graduate of the Stuart High School and is now a student of the Beauty Culture School in West Palm Beach.

The wedding date will be announced later.

BETA SIGMA PHI'S CELEBRATE BIRTHDAY

The Florida Beta Xi Chapter of Beta Sigma Phi met on Tuesday evening with Mrs. Paige Cabela conducting the program on "Art of Living". Those taking part were Mrs. J. T. Harris, Miss Connie Smith, Nick Paff, and Miss Evelyn Lee.

Mr. and Mrs. William Taylor have as their guests, Mr. and Mrs. H. D. Cole, and Mr. and Mrs. John Bagley of Bluefield West Virginia.

Mr. and Mrs. Fred Irvin and family have moved to West Palm Beach.

GEORGE PETERS TO WED STUART GIRL

The engagement of Miss May-dee White, daughter of Mr. and Mrs. Olan White of Stuart, to George Peters, Harding son of Mr. and Mrs. George P. Hironimus also of Stuart, is announced by her parents.

George Peters, as he is known here, has been program director of radio station WSWN for the past two years. He recently resigned and will join the staff of the new radio station at Melbourne. He is a member of the Lambda Chi Alpha social fraternity and Phi Mu Alpha, honorary music fraternity, and received his education at Christian Brothers College and the University of Miami.

Miss White is a graduate of the Stuart High School and is now a student of the Beauty Culture School in West Palm Beach.

The wedding date will be announced later.

BETHANY CLASS HAS GOOD ATTENDANCE

The Bethany Sunday School Class of the Community Methodist Church met at the home of Mrs. D. C. Dehaven on Monday night, with 15 members attending.

Mrs. M. M. Sabiston gave the devotion.

Mrs. Charles Lantz, Study Club Chairman, presented "Excerpts of the Catholic Church".

Women Accept Challenge To Erect Children's Hospital Building

Back twenty years ago, the Auxiliary organization of the Veterans of Foreign Wars, was a small but growing organization. At that time a challenge was thrown it, that it did not have a hospital for the care of the children of the war. The Auxiliary accepted the challenge and the gamut run, soon the women had their home at Eaton Road, Michigan and institution of public.

Years have come and gone, and a second world war has been fought and won, all except for the final peace terms. Call for more hospital room was made, again the women came across, and a fine new wing, which will be dedicated on August 7th by National President, Mrs. Helen M. Murphy, whose home is in Eaton Road, was through the donations of penicillin, nickles and dimes raised in various manners that provided funds from all the Auxiliaries.

The National convention of the Post and Auxiliaries of the V. F. W. is to be held in City of Miami during the week of August 21-26 which will bring thousands of visitors to our southern resort city. While possibly not quite so large as the Legion convention it will be a most impressive gathering. Florida Posts on the Miami are preparing for big entertainment of visitors as they come for and from the convention city.

Mr. and Mrs. C. R. Blackburn, who have been residing at Venus in Glades county have returned to Belle Glade to reside, and they have taken over the management of the VFW home. Mr. Blackburn for many years was a barber here in Belle Glade and he has purchased the former Richards shop on Northwest Second street.

The Auxiliary at its session elected Mrs. Edith Kirkman as the delegate to the National convention in Miami in August. Plans are being made for the holding of a public spaghetti supper at the home in the near future. The Post and Auxiliary enjoyed a delicious pot luck supper at the Tuesday night meeting.

Musical Quiz Show And Banquet Ends Youth Week Program

A Kay Kyser musical quiz show will be presented at the old theater building tonight at 7:30 p.m. and is sponsored by the Presbyterian Church for Youth Week. Everyone is invited.

For the Quiz Show, good coins will be presented as prizes, special vocal numbers will be given, and the Rev. Ned Iverson will give a magic act with chemicals. Mary Jo Campbell will accompany singing with her trumpet, and Mrs. P. P. Phillips will be at the piano. Johnnie Robertson and Lucretia Campbell will play a clarinet duet.

On Saturday night a banquet for all young people will be given at the Presbyterian Manse on the Pahokee road at 5:30 p.m. An installation of officers for the Youth Fellowship will be conducted following the banquet. Installing officer will be Rev. Iverson who is also guest speaker. Officers are: Marietta Campbell, president; Jimmy Anapua, vice president; Lucretia Campbell, secretary; Bob Clumpton, treasurer; Mary Jo Campbell, local chairman; and Made Outright, program chairman.

MARY FRANCES RAWLS' ENGAGEMENT ANNOUNCED

Mr. and Mrs. Burton B. Rawls announce the engagement of their daughter, Miss Mary Frances Rawls, to Charles E. Brown, son of Mr. and Mrs. Walter L. Brown of 308 28th Street, West Palm Beach.

Miss Rawls attended schools in Nashville, Tennessee and Belle Glade and is now employed at Sullivan Pharmacy.

Mr. Brown received his education in Minnong, and Superior, Wisconsin, and served with the Army Signal Corps during the war. He is employed by the Seminole Broadcasting Company as an engineer for radio station WSWN.

The wedding date has been set for July 26th.

Long Illnesses End Lives of John C. Butler, aged 54, who resided in Pahokee since 1922, died on Tuesday, after a lingering illness. He is survived by a wife, and five daughters. He was a member of the Masonic lodge, and that order conducted the services with Everglades and Belle Glade lodge members participating. Funeral services were held at the Missionary Baptist church at Canal Point by Elder Elmo Scoggins.

Mrs. Mary Roger Cowart, wife of Reppart Cowart, who has long been ill passed away at the Everglades Memorial hospital in Pahokee, on Tuesday. Survivors are the husband, three daughters and three sons, three sisters and four brothers. The Berry Funeral home had the funeral arrangements in hand.

Rhudy Has A Fine Moose Lodge Pin

Lester Rhudy, secretary and treasurer of the Belle Glade Lodge of Moose, this week, received from State headquarters a beautiful emblematic Moose pin with diamond setting as a reward for writing 100 applications for the local lodge. He is now nearing the 100th mark of his membership writing, which will bring him an additional award. Rhudy is a member of the Belle Glade police force.

PTA Summer Round-Up

Streamlining Dental Work

All children who will enter school this fall should receive their physical checkups at the Clinic held for that purpose at the Ochsler Clinic Building on June 14, 28, and July 12 from 3 to 4 p.m. with no cost to the parents. Dental work especially should be taken care of this summer prior to entering school and Dr. Harold Elberberg and Dr. Victor Mullberg will examine the children by appointment at their offices.

The Parent Teacher Association is sponsoring this annual round-up for the benefit of the children, and the cooperation of the parents in taking them to the Clinic is urged.

Glades Appliance To Open Store In New Location Saturday

The Glades Appliance corporation, which has maintained a retail furniture and household appliance store at 323 First Street, is moving its store to the new location on South Main Street, and will have a grand opening on Saturday of this week.

The company's new store location is a mighty commodious and well planned place of business, and its doors will be open for inspection and sales on Saturday.

This is but another example in which local people have been helped by the Glades Appliance by making investments in good buildings, good merchandise stocks and attractive places for doing business.

Prisoners Sentenced By Court For Crimes

Ed Martin, who stole mechanical tools from Harry Rose, at the school house job, on Wednesday, was arraigned in criminal court at West Palm Beach on the charge of larceny. The information presented against him. He was sentenced to eight months in the county jail.

Willie Hudson and John Davis, men who had made escape from state prison farm, and later picked up by law officers, when arraigned in court at West Palm Beach, each was given an additional year, tacked onto their original sentences.

Sugar Corporation Sells Acreage To R. L. Chastain

Another large deal in realty has come to light, by the filing of deeds in Stuart and West Palm Beach, wherein the U. S. Sugar Corporation of Clewiston sold three sections of land in Martin county and 912 sections in Palm Beach county, to R. L. Chastain, of Canal Point, for a price of \$1,600. Chastain is already a large land owner in that section of the two counties, but to what use he places his additional acreage has not yet been disclosed by him.

REFRIGERATION EXCHANGE 1448 Gage Ave. Tel. 1844 West Palm Beach, Fla.

The game playing nights are Monday, Thursday and Friday nights. This Thursday night, Richmond's Agnewville staged their opening game, and the Coastal's met Billy's team. This Friday night the one contest will be between the Lake Buick's and Ralph's aggregation. Mosley has been assigned as the official umpire for the season.

GLADES CHURCHES (Continued from page 1)
Clement and is succeeded by Rev. Ralph Todd; and Rev. Earl Jones comes to the Canal Point church. Rev. S. S. Bousman goes from Moore Haven to Haines City with Donald Mack as his successor. Rev. Jay C. Johnson and J. A. Sells are returned to their churches in Miami and Bradenton.

Rev. W. V. McCreath, former district superintendent of the Miami district, serving Riverside church in Miami, was made the new conference's Secretary.

One important act by the conference was that of raising the minimum salaries of pastors, and average of \$200. The minimum for married pastors is now \$2,000; unmarried, \$1800; supply pastors, \$1600; if married, \$1800 if single.

Lay leaders named for the Miami district of which Belle Glade is a city are: John B. Kille, Miami; Lewis Brannen, Delray; John E. Morris, Ft. Lauderdale; Ray E. Perry, Miami; Hamilton, Key West; Fred B. Noble, of Jacksonville, was re-elected conference lay leader.

Dieter, of Jacksonville, has accepted a district financial appointment for church purposes of \$45,525.

Hill Tenement Home On Fifth Street Is Gunned By Bad Fire

The fire department was summoned out early Saturday morning to care for a fire in the Cape Sable estate rooming houses on Fifth street. The upper floor of the structure was completely gutted by the fire.

The firemen placed the fire around \$350.00. After the fire was out, policeman found a note in the structure, which read: "The world from drink and weed soaked in more than one way."

Wiering, Lawrence Wiley, Police, Frank Dooley, Clyde Clayton; Public Information and Coordinator, Luther Jones; and the official Secretaries, Belle Glade High School, School Building, Ochsler Camp, Colored School Building, Ochsler Camp, Schuler Building 8th Street, Rutledge Building 8th Street, N. E. Jones Building Avenue E.

B.P.W. Club Hears Convention Reports

The Business and Professional Women's Club met at the home of Mrs. Elma Delaney for their recent bi-monthly meeting.

Mrs. Ruth Barron opened the meeting with a prayer, and President Audrey Jones gave a report on the recent State Convention held in Jacksonville.

A letter of appreciation was read from Mr. Ernest Fiedler, Superintendent of the local hospital, expressing thanks for the active part taken by the Club in the recent celebration and for the furnishing of the pediatric room.

It was reported that the Club has been removed from District 7 and is now in District 8, which includes West Palm Beach.

During the social hour refreshments were served by Mrs. Mary Pope and Mrs. Delaney to Mrs. Gene Cross, Mrs. Mary Foy, Mrs. Ingene Fontaine, Mrs. Mildred Larrick, Mrs. Mary Ann Arnold, Mrs. Lois Davis, Mrs. Louise Rhodes, and Mrs. Ruth Peebles. Guests Mrs. Bill Young, and her mother, Mrs. Lowe, and Mary Leonard.

The next meeting will be held the first Tuesday in July with the time and place to be announced later. It was decided to hold one meeting a month for the summer.

Future Farmer Boys Get State Honors

At the annual meeting of the Future Farmers of America held at a delegation of club members to the state convention at Daytona Beach, the club was named as the quartet won second place in the musical contest.

The quartet was made up of Bobby Williams, Willard and Charles

McCurdy and Dickey Adkins. Boys awarded the Master Farmer's Degree were A. H. Gotsch, James F. B. George, Meser, of Clewiston; Donald Brown, Thomas Gordon, Gordon, of Stuart; and B. Woodham, Stuart chapter.

Local Oversea Division Of Laid Holdings In West Martin County

The Woodlane Company, Inc., in which local people have an interest, have sold 8000 acres of Martin County land to the Llanos Vedeen Ranch, Inc., for \$50,000. The deed was signed by Joe Friedhelm, for the Hattie Company, Inc. The new owners are Palm Beach residents, who expect to use the land for cattle grazing purposes.

State Moose Lodge In Convention At Daytona Beach

The state convention of the Loyal Order of Moose is being held in Daytona Beach, Fla., with representatives from most of the lodges of the state. One of the large lodges in the state is the National or aged at Orange City near Jacksonville, one of the large homes maintained by the National or aged. Belle Glade lodge did not send any delegates to this convention.

Homer Amis Prominent West Palm Beach Men Dies

Homer Amis, aged 61, a prominent lawyer of West Palm Beach, who had many friends among Glades people, died at his home on Wednesday of a long illness. He located in West Palm Beach in 1924, and had held a public position and was active in civic causes. He leaves a wife, Bessie Amis, two daughters and one son. He was a member of Harmonia Lodge of Masons.

Lowes Shipping Station Likely For Next Fall

Word comes out of Orlando, from shipping sources, that there is great probability that the first shipping season comes on, that Rail Carriers will issue new lower tariff rates on both fruit and vegetables from the Florida area. The rail people are now recognizing that lower truck transportation is cutting into their income to a point that it has begun to hurt financially.

State Future Farmers Local Convention At Daytona Beach

More than 300 school boys, members of the Florida Association of Future Farmers, attended the annual FFA convention held here this week. Highlight of the five-day convention was an address by Doyle Connor, Starke, national Future Farmer president. Connor is past president of the Florida organization and the first Florida Future Farmer to hold a national office in 10 years.

Addresses were made by State School Superintendent, B. Bailey, FFA State Advisor H. E. Wood; Lewis F. Wood, vice-president, Southern Agriculturalist magazine; Floyd Gail, executive secretary Florida State Bankers Association; Robert Hoskins, industrial director, Seaboard Air Line Railroad and Representative I. E. Bronson, Florida Cattlemen's Association.

The third session of the American Legion Auxiliary Americanism project for the political education of the young women of America, will be held from June 28 through July 2 at the Florida State University in Tallahassee, by Mrs. Norman S. Stone, director.

Beville Renamed Race Board Member

Governor Warren has announced the reappointment of B. P. Beville, of Gainesville, as a member of the State Racing Commission. Warren said Beville's original appointment was made on Jan. 4, was sent to the Senate along with those of the other four members of the Commission, but declared the Senate took no action on it.

The Senate confirmed the appointment of the other four members but made no announcement of any action on Beville's appointment. Since the Senate took no action, the Governor said, the position became vacant and it is his duty under the constitution to fill vacancies in any office. Beville is secretary of the Commission.

National Guard Musters Eleven New Recruits Into Local Company

Members of the National Guard unit are entering into the spirit of the membership contest now on for new recruits.

LEGAL NOTICES

The annual meeting of The Future Farmers of America will be held at the office of the South Florida Agricultural Experiment Station, Belle Glade, Florida, on June 27, 28 and 29. The purpose of the meeting is to elect three members of the past week end, and for a term of three years and to transact other business of the club.

Boys awarded the Master Farmer's Degree were A. H. Gotsch, James F. B. George, Meser, of Clewiston; Donald Brown, Thomas Gordon, Gordon, of Stuart; and B. Woodham, Stuart chapter.

Local Oversea Division Of Laid Holdings In West Martin County

The Woodlane Company, Inc., in which local people have an interest, have sold 8000 acres of Martin County land to the Llanos Vedeen Ranch, Inc., for \$50,000. The deed was signed by Joe Friedhelm, for the Hattie Company, Inc. The new owners are Palm Beach residents, who expect to use the land for cattle grazing purposes.

State Moose Lodge In Convention At Daytona Beach

The state convention of the Loyal Order of Moose is being held in Daytona Beach, Fla., with representatives from most of the lodges of the state. One of the large lodges in the state is the National or aged at Orange City near Jacksonville, one of the large homes maintained by the National or aged. Belle Glade lodge did not send any delegates to this convention.

Homer Amis Prominent West Palm Beach Men Dies

Homer Amis, aged 61, a prominent lawyer of West Palm Beach, who had many friends among Glades people, died at his home on Wednesday of a long illness. He located in West Palm Beach in 1924, and had held a public position and was active in civic causes. He leaves a wife, Bessie Amis, two daughters and one son. He was a member of Harmonia Lodge of Masons.

Lowes Shipping Station Likely For Next Fall

Word comes out of Orlando, from shipping sources, that there is great probability that the first shipping season comes on, that Rail Carriers will issue new lower tariff rates on both fruit and vegetables from the Florida area. The rail people are now recognizing that lower truck transportation is cutting into their income to a point that it has begun to hurt financially.

pany recruits. To date Belle Glade is leading both Pahokee and Clewiston in the race. Merion Rashley has been most successful in his work as he has signed up nine recruits, and Robert Stacey, of Lake Harbor, has two to his credit.

At the Guard meeting on Wednesday night, the following young men were mustered into the Guard service and ranks: Wilbur Walker, Charles and Robert Peacock, Nash Yahn, James Norman, Samuel Burns, Robert Cook, all of Belle Glade; James Warren, Lake Harbor and Robert S. Townsend of Clewiston.

Snappy drill work was the order of the evening, getting the company members in condition

and perfection for the Camp Jackson assignment in July. Company members are regretful that Commander A. J. Lively is soon to move from Pahokee to Sebring to take up new church pastoral relations.

From where I sit... by Joe Marsh

Don't Fence Yourself In

Every spring, Handy Petersen and Easy Roberts pick up the stone wall that separates their farms. They walk along talking—Easy on one side, Handy on the other—picking up the fallen stones and putting them back.

Afterwards, over a friendly glass of beer, Easy says, "You know, wall-mending is a nice neighborly custom, but we really don't need that wall. We keep it up just because it happens to be there."

"Yes," says Handy, "a lot of walls and fences and boundaries keep on separating people for no

good reason. Maybe we'd all be better off if some of them were torn down, instead of kept standing."

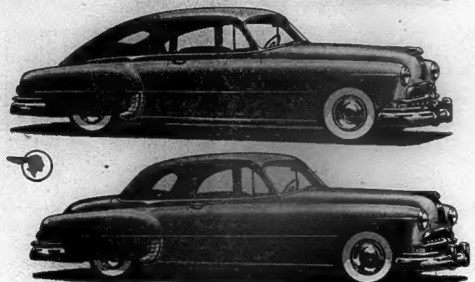

"From where I sit, Handy said a beautiful thing," says the "wall of tolerance" that people build up against each other. I like a temporary glass of beer now and then, you may prefer butter-milk—but that's no reason for me to criticize you, or you, me. Let's live and let live together—making more friends and fewer walls."

Joe Marsh

You ought to be driving a

PONTIAC

Two of America's Most Popular Motor Cars

Pictured above are typical examples of the two smart and appealing lines of cars which bear the current import of Pontiac goodness—the Streamliner and the Chieftain De Luxe Sedan Coupes.

Each is to such demand that, on its own, it ranks among America's most popular cars today. That two cars of such decidedly different appearance should each enjoy such wide acceptance is easy to explain. THEY'RE BOTH PONTIAC!

While each has its own individual appeal, both offer all the great basic Pontiac virtues. Both

are conspicuously beautiful. Both carry the well-known promise of Pontiac quality—long, dependable, and fine performance. Both afford the smooth, enjoyable performance of Pontiac's two great engines—the power-packed straight eight or its equally famous six-cylinder companion.

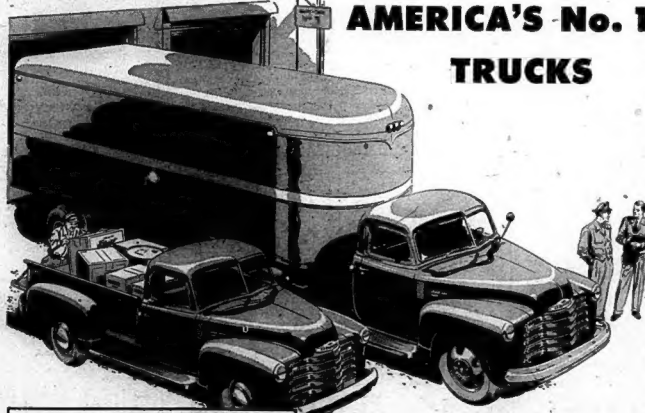

Finally, both represent unusual values—a very fine product at a very low price. Either one you choose will make you mighty happy.

Hydramatic Drive, which allows slow, bumper saving forward and reverse shifts available on extra cost.

Coastal Truck & Equipment Co.

OBSERVATIONS

Continued from page 1
ly and bears a pretty star like red flower. Persons desiring cutting of these plants will be accommodated by the Club.

Improvements in the way of a nice broad sidewalk are being made in front of the Glades Appliance and Herald buildings on South Main Street. No more stubbing of toes or wading through water and mud.

Mayor Julius Harris and his commission department heads, along with the city clerk Wallis, are busy getting up estimates of department needs for the coming fiscal year, which will form the basis of the budget and millage of next year. Some very excellent figures are to come out of this department preparation. Tax values are to be up, owing to new valuations.

and new construction, and additions made through the utility and tobacco tax collections. Equipment does wear out, and Commissioner Rabin cites the need of added new equipment for the street and garbage department. The garbage department for the first time in history is out of the red and will show an overall profit of around \$2,000. Additional space is to be provided at the city garage for the proper sheltering of city equipment and work space. New homes to house the city fire and jail departments are becoming imperative, and the commission is giving some attention to these needs.

Bob Blair, assistant fire chief, remarks that he hopes that his expectant heir will be a fireman, to keep up the family record in that line of work. City Williams, one of the paid fireman got tired of "batching" it, so he got himself a wife, and now will be going home to regular meals and hours of repose. Congratulations Carl.

The Bender club house and cafe looks rather lonesome out at the bend, without occupants or chiming beacon lights.

With Tom Pursey and Spotty Burr heading the Rotary and Lions clubs the coming year, the clubs will have young, wise and active men as their heads. Club relations in Belle Glade are most congenial and many projects are shared with each other. Service clubs is a good name for our Belle Glade organizations.

The new Pahokee civic swimming pool is proving very popular with the young people of the lake region, as it is being made a rendezvous for after-noon and evening parties.

Back in the days after the 1947 hurricane and flood, the Federal Government was pretty liberal in loaning equipment to the Glades area, to aid digging out processes. One of the pieces coming to Belle Glade was a jeep from the Bahamas Navy base, which has been in constant use here. Last week the Navy sent request to the city to return the jeep to Jacksonville. The city endeavored to purchase it, but the Navy said, "return it to us. The machine while here has been used for street work, hauling sand and rock, tools and prisoners to work and return. The jeep is not the girl now she was when she arrived but Supt. Pennington thought the tires

might last for the trip to Jacksonville.

One of the Herald subscribers is a man officially connected with the City of Miami and in renewing his subscription, he wrote to indicate these complimentary words about the Herald: "I am surprised that such a sprightly and well edited news paper could be found outside some large metropolitan city." I have read it with pleasure and perhaps some profit, for what you are accomplishing toward the development and uplift of your city and section. Thanks for these kind appreciative words, as too few commendments come to the desks.

Our city elections will fall on Tuesday, September 13th, at which time three commissioners will be elected, as the terms of Commissioner Harris, Rabin and Richmond will have expired. Voting registration books are now open at the city clerk's office for all who have not already registered.

Belle Glade electors will have opportunity to go to the polls on June 28, to vote on the referendum as to whether or not the city shall establish a Civil Service Commission. This is a piece of government which most cities have adopted. It is a measure which brings safety and protection to competent servants of the city who are selected under the merit and examination method. It would eliminate political unrest among the ranks of employees and still assure the city that it could and would obtain the experienced services of competent employees. This is one piece of legislation that the Commissioners think most important to the welfare of the city and they are hoping that a majority vote of electors will authorize its establishment.

Stood in front of the Dixie cafe and a flashy gold colored automobile of '49 design drove up, and it had the name "Packard" on it. I never see a Packard and what it gives me is a homesick feeling, for it was in my former home town of Warren, Ohio, that the Packard Brothers, W. D. and J. W. Packard, produced the first Packard car. It was a weird looking machine but of enough import that Detroit capitalists came down and stole by purchase the entire outfit.

W. D. Packard was the oldest of the two brothers, a man crippled with polio ravages, but a mighty man in a business way. Former Ward was the inventive and mechanical brains of the firm, and he was the designer and builder of the early type Packards. When W. D. died he left the city of Warren a vast acreage along the Maumee river for a public park, along with endowment monies in large figures. J. W. was a watch and clock collector and he left his vast collection to his alma mater—Lehigh University. It was valued at more than \$2,000,000. He installed a carillon of bells in the Episcopal church tower in memory of his mother, and they are still daily sending out their chime music.

Sort of like to hear those Baptist chimes ring out at the even tide. Something peaceful and inspiring about that gospel music that reaches the heart of every person.

The weeds are jumping up with rapidity on the farm lands, and the field corn and sugar cane since the rain is growing so fast that you can almost hear the "crack" of joints as it grows. The lawn grass is also making additional work for the home owners and the boys who hire out for that type work. One local lad is making his money for his college work by mowing lawns. No week end rest for that lad as he has scheduled list of jobs to do each week.

The next time the county has four million dollars to spend spent on road and bridges, the Glades will not be caught napping, for there will be an organization on hand to back up the Glades commissioners in demanding a fair and equitable distribution of such monies, not "stingy state" as was the case the past year.

When the Dupont's in 1938 brought out their new product which it named Nylon, it was the start of a revolution of the fabric wearing business. The new thread proved most popular from the start, and has now grown in a billion dollar a year business.

Experiment showed that the new fabric yarn was impervious to light, heat, water or mildew, moth, stronger and more durable than cotton or rayon, and could be produced in finer threads than rayon. It proved a super fabric, and is now used in all type of garments, hosiery, tires, parachutes, ropes and toys.

The first day Nylon hosiery went on sale 785,000 pairs were sold, and now the women who do not have several pairs in

her wardrobe is indeed unfortunate. Anything which has the Nylon connected with it, has a marketable value, Nylon can be woven like cotton, silk, twill, satin, bouche, taffeta, and other cloths.

A new fabric yarn that is now in the experiment stages is that of ramie, which has natural qualities which has to be produced by chemistry in Nylon. It will be interesting to watch the race between the nylon and ramie trade, as to which one will capture the clothing trade with their wares. Ramie has demonstrated that it can be woven by its own thread or in combination with cotton, silk, rayon and even the finer nyons.

I have often been over the territory of Camp Okechoke, but never over Camp Okechoke, I was given such a trip this week and was more than surprised at its size and the number of people it could shelter. Where they combined, Emmett Roberts, would be presiding over quite a sizeable village. Understand that outside interests are still smelling around hoping to make a dicker to get possession of these camps, but no dice yet. If the Government ever lets them go to other than Glades interest there is going to be a bit of a stir. It behooves our local interests to keep in close touch with the Agricultural Department at Washington.

New Killers Found For Tough Nut Grass

If you are having trouble with nut grass you can check it with 2-4-D or ammonium sulfate, according to Botanist Erdman West of the Florida Agricultural Experiment Station.

If you use either of the materials, however, don't count on planting anything for at least six weeks afterward, as 2-4-D and ammonium sulfate render the soil sterile for six to ten weeks.

To be effective against nut grass, 2-4-D must be applied in as recommended on the package. The correct solution of ammonium sulfate ("Ammate") is one gallon of the material to one gallon of water. The soil should be soaked with either material, and a second or third application may be necessary.

Pahokee Lions Install New Corps Of Officers

The Pahokee Lions club on Tuesday night held its annual installation of officer's annual services, with District Governor Dr. Claude Hicks, of Lake Worth, as the honor speaker and installing officer. It was Ladies' night.

Lockmiller Funeral Services Attended By Local Townspeople

Funeral services for the late George Marion Lockmiller, age 88, who died at his home Wednesday evening June 8 were conducted at the South Bay Baptist Church on Sunday, June 12, with the Rev. B. A. Oswald reading the burial service.

Mr. Lockmiller was a native of Athens, Tennessee and came to Florida in 1918 as one of the early pioneer farmers of the Everglades. He made his home on the lake shore and at South Bay for the last 33 years. He was a member of the South Bay Baptist Church.

He is survived by his wife Mrs. Luba Lockmiller of South Bay one son, Robert George Lockmiller of Aurora, N. C., five brothers, Charles L. and Sam E. of Clevis, N. M., Claude L. of Sheepsport, La., Joe W. of Zolfo Springs, and Nathan Frank Lockmiller of Clevis, N. M. W. L. Cunningham of Dr. T. Forster of Belle Glade sang at the funeral service at the church. Rev. Ted Temoshuk of West Palm Beach was in charge of the graveside service at Woodlawn Cemetery.

Honorary pall bearers were Frank B. Willis, W. M. Jeffries, Floyd Wilder, H. O. Martin, R. B. Woodham, and Eugene E. Hardy. Active pall bearers were L. E. Will, Ivan Van Horn, J. W. Warren, Max Harrelle, Linton Miller and A. B. Barnes.

Attend Golden Wedding Celebration At Jacksonville

Mr. and Mrs. H. C. Willis, Mrs. F. W. Mutchler, Jackie Mutchler, Mr. and Mrs. Herbert Priest, Mr. and Mrs. Leland Hardy left Saturday for Jacksonville to attend the Golden Wedding Anniversary of Captain and Mrs. E. E. Forbes, formerly pioneer residents of Ritta Island and South Bay and well known to all of the Glades Old Timers. Capt. Forbes formerly ran a boat line from Fort Lauderdale to Fort Myers and later across the lake to Clevis.

Other members of the family attending are Mr. and Mrs. J. K. Forbes and Everett Forbes of Jacksonville, Mr. and Mrs. W. H. Rawle and Miss Betty Rawle of Charleston, S. C., and Mrs. J. A. Wood and son, Billy of Lykesland, S. C.

Grand Master Will Visit Odd Fellow Lodge On July 14th

Officers of Glades Lodge, No. 36, Independent Order of Odd Fellows, have been advised that Grand Master Loy Carlin, of DeFuniak Springs, will make an official visitation on the night of July 14th, coming here from West Palm Beach where he will visit on the 13th.

The local lodge will arrange for a gracious welcome and entertainment. The lodge had visitors from West Palm Beach at its session last week. A class

of candidates is now under formation for early initiation.

Hendry County To Erect New Jail At LaBelle Location.

The County Commissioners of Hendry county received five bids for the erection of a new county jail on the court house property at LaBelle. The Joseph Ross Company was the low bidder at \$39,450; and The Decatur Iron and Steel Company of Decatur, Ala., will furnish cells and steel work for \$19,000. The old lower jail building will be placed into other uses.

Rent Control Is Called Off In Palm Beach County

The system of rent control, which has been in force in Palm Beach county during the war and since, in now off and no longer effective. This was brought about by both State and Federal action. The rent control office in West Palm Beach has closed its doors.

Property owners can now fix and collect rents in the amounts they think the tariff will stand although hopes are that the rentals

will be held down to a reasonable price, possible on a plane of those prevailing in most cases during the rent control period.

St. Lucie County Entomologist John B. Hull Dead

John Burrell Hull, well known in State Agricultural circles as an entomologist and for several years past in charge of the insect pest control in St. Lucie county, died on Friday, at the age of 43 years. He is survived by his wife and one son. Rev. Campbell of the White City Memorial church conducted funeral services on Saturday.

Fibber's Favorite Is Ham and Cheese

Fibber McGee's favorite sandwich, as made by Molly, is a super duper ham and cheese on enriched white bread. The famous story of the Johnson's Wax radio program often go on picnics, and here's how Molly makes Fibber's favorite sandwich.

Frische slices of cooked ham in hot butter or margarine, adding 14 teaspoons of drained prepared horseradish to each 2 tablespoons of butter or margarine. Place the ham between slices of enriched white bread with a slice of cheese and crisp lettuce.

JUPITER TRIMS

(Continued from page 1)
box position in the latter part of the third inning, after Jupiter had rolled up nine runs. Pugh pitched a beautiful game the balance of the game.

Jupiter raised lots of trouble for the Independents in the third when a dozen men went to bat, with walks, hits and errors the total scores over the plate numbered ten, and they got two more later on.

It looked as if our Independents were going to sustain a shut out defeat, but in the seventh McClatchey got a walk, got around to third on outs, Harrell walked and stole second, and then Joe Cherry got the wood on the ball and sent a hit out to the center field fence scoring both McClatchey and Harrell. In the eighth Close got a walk and reached third on a passed ball, Pugh walked and reached second, then short stop Fennock heaved a wild one on Choate's hit and Close scored and Pugh later stole home.

In Wehager, at first, Jupiter has one of the best first basemen in the League, as he handled that old left duke like a master, and handled twelve chances without the semblance of an error. Cherry had three put outs and four assists and a single and double to his credit. Pugh also played head up ball with three outs and two singles. The Independents go to Clewiston next Sunday in their second game of the league season. Lake Worth defeated Okechobee 14 to 0, while Stuart and Pompano were rained out.

Pahokee Methodists Bid
Old Pastor Farewell And
Welcome The New Appointee

The Rev. C. T. Howes, of the Pahokee Methodist Church, gave his concluding sermon of his three year pastorate, to his congregation on Sunday morning, as he was recently assigned to the Pastorate at Clermont.

As a prelude to his sermon he gave a brief account of accomplishment of the church during his pastorate. Received into membership, 162; W. S. C. S. doubled its membership now standing at 185 members. Sunday school enrollment doubled, new worker department greatly increased, \$50,000 expended in church improvements, and church membership now stands at 437; and church budget fully secured.

Following the church services, a picnic dinner was served at the Starke Market platform, which proved a fine social occasion.

THE DAY HONORED
(Continued from page 1)

Tuesday night at West Palm Beach, at Flagler park, under the auspices of the Elks, in which the combined Elks clubs of Lake Worth, Delray Beach, Belle Glade and Pahokee participated, and on next Sunday afternoon, at Pahokee, a combined service will be held by the Pahokee and Belle Glade lodges at the hall of the former.

Fundamentally, every American believes what Franklin D. Lane, while Secretary of the Interior, stated in a flag day address on June 14, 1914, when he endowed every citizen with a part in the making of the flag. Describing the flag as a living, speaking reality, he permitted the flag to tell us—"I am whatever you make me, nothing more. I am your belief in yourself, your dream of what a people may become. I am no more than what you believe me to be, and I am all that you believe I can be. I swing before your eyes as a bright gleam of color, a symbol of yourself, the pictured suggestion of that big thing which makes this nation. My stars and stripes are your dreams and labors. The are bright with cheer, brilliant with courage, firm with faith, because you have made them so out of your hearts; for you are the makers of the flag, and it is well that you glory in its making."

Clewiston Gets A

Warren Colonel W. B. Bowden, an employee of the U.S. Sugar Corp., and an officer in the Sugar Mill Workers Union here, has been appointed a lieutenant-colonel on Governor Warren's staff. Bowden, a former Okechobee resident, said his commission was accompanied by an expression of Warren's regret that the appointment was overlooked when the staff was named before the Governor was inaugurated.

A bill raising the tax on coin-operated pin ball machines and legalizing free games for winning scores has been vetoed by Governor Warren. The Governor said he vetoed the measure because it would authorize gambling, as defined by the Supreme Court, and might revive the law legalizing slot machines and one-armed bandits.

The bill, passed in the closing days of the recent legislature, increased the tax on coin-operated music machines and pin ball machines operated with one or more balls. Governor Warren said he also was opposed to the bill because it contained no restriction on the number and no regulation of the machines.

Governor Warren also vetoed a bill requiring the Cabinet to provide the Florida Historical Society with office space. He said the purpose of the Society was a "laudable one," but it would be a dangerous precedent for the State to start furnishing office space for non-State agencies.

The Governor also vetoed a bill authorizing homesteading by war veterans of public lands in Palm Beach, Escambia and Polk Counties.

MRS. RUTH WEDGWORTH
ENTERTAINS EMPLOYEES

Members of the Wedgworth organization and their families recently enjoyed a barbecue at the home of Mrs. Ruth S. Wedgworth on the Palm Beach Road. A picnic supper was served with barbecued meat by caterer Herman Close to 80 grown-ups and children on the lawn and patio.

Mr. and Mrs. W. P. Risk were guests and for a feature of entertainment showed colored movies of their trips through the Western States.

Other guests were the Rev. and Mrs. Leonard Vanderwater and daughter, Khaleah, and Mr. and Mrs. R. W. Kidder and daughter, Dorothy.

Rebekahs To Take
Summer Vacation
In July-August

Belle Rebekah lodge, IOOF, will meet on next Tuesday night, in its last session prior to the taking of a summer vacation for the months of July and August. This will be a family supper, and all members are requested to attend and bring food for their families. While there will be no meetings it is likely that a picnic for the Rebekahs and Odd Fellows will be held during the vacation period.

West Palm Beach Lodge, which is the mother lodge of Glades lodge, and Gardenia lodge for Belle Rebekah lodge have plans in hand for the remodeling of their Datura street home, so as to provide larger lodge room quarters and recreational facilities of a modern type.

Brother and Sister Kierman, of West Palm Beach, are a couple who form a team of district workers, as they have been commissioned District Deputy Grand Master and District Deputy President for their district.

Sara Diggs and Kathleen Rogers are planning on spending their summer vacations at their homes in Tennessee and Lakeland, Florida.

Phillip Clayton
Receives Degree

Phillip Clayton, son of Dr. Clayton, received his degree in the degree of Master Mason from the Grand Lodge of Florida at Lakeland, Fla., on Sunday, June 12.

and Mrs. B. S. Clayton, received his degree in civil engineering from Massachusetts Institute of Technology during graduation exercises held there last week.

Phillip is a graduate of Belle Glades High School and lived here with his parents at the Everglades Experiment Station prior to entering college. Dr. and Mrs. Clayton now reside in Washington, D. C., and attended the exercises in Cambridge.

Ed Martin Picked Up
For Stealing Tools
Of Harry Ross

Contractor Harry Ross, who is constructing the negro school house, from time to time has been missing carpenter and cement working tools from the job. When a portable saw was stolen over the week end, Ross reported his loss to the police.

Officers Rhoady and Taylor picked up one Ed Martin on the offense and located most of the bill, including the saw, at his home.

Martin had been an employee on the job. Martin was turned over to Deputy Sheriff Gibbs

Gross. He will be charged with grand larceny as the value of the stolen goods would amount to around a \$200 value.

Police Court Melange of Cases

On Sunday afternoon, Norman Robertson, colored, edged on by a bit of drink, decided to make Southwest Sixth street, a speedway for his auto, and thus endangered the safety of a numerous children. He was arrested and in police court Monday night, Judge Harris gave him a fine of \$45 and costs.

Groves Simmons, a bad negro, on Saturday night, got winded up, and raised a disturbance over in the Puckett store. When placed in the city jail he was so boisterous and destructive that he was given the water hose treatment to get him settled down. Judge Harris handed him a ticket which read \$35 and costs.

Minnie Patterson, angry over a man disappointment, took out her vengeance by breaking a store window with her fist. She proved a good sprinter but was

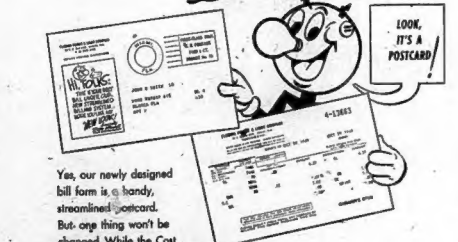

overtaken. She left \$10 with the City.

Churches of Christ, Scientist "IS THE UNIVERSE, INCLUDING MAN, EVOLVED BY ATOMIC FORCE?" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, June 19.

The Golden Text is: "The earth is the Lord's, and the fulness thereof; the world, and they that dwell therein" (Psalm 24:1). Among the citations which comprise the Lesson-Sermon is the following from the Bible: "He divideth the sea, and causeth them to pass through; and he made the waters to stand as an heap. In the daytime also he led them with a cloud, and all the night with a light of fire" (Psalm 135:14).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Spirit is the life, substance, and continuity of all things. We need no form. Withdraw them, and creation must collapse. Human knowledge calls them forces of matter; but divine Science declares that they belong wholly to divine Mind, and so reduces them to their real home and classification" (1:24:25).
